

Vandal-Proof Alphabetical Directories

The U.S. Postal Service requires alphabetical directories in buildings with 15 or more mailboxes!

Directories are frequently used with telephone entry systems, and also help direct visitors to floor and room locations in office buildings. LEE DAN® directories can be custom sized to display inspections/permits in elevator cabs, or wherever else information needs to be displayed neatly, and without tampering.

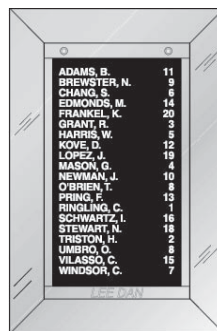

- Anodized Aluminum, Stainless Steel, Polished Brass
- Shatter-Proof Lexan® Sheet (Lexan® is a registered trademark of General Electric)
- 4 Standard Types in Various Sizes • Tamper Access Screws
- Easy Surface Mount • Names Easily Changed
- Professionally Engraved Directory Strips Sold Separately (shown for illustrative purposes only!)
