

# DOOR ANSWERING INTERCOM SYSTEM

*With Full Monitoring Capability*

- 1 Master
- 1 Remote
- Built-In Amplifier
- Built-In Door Release

# ENTERLOK™

**Control Entry and Add Security to:**  
Business • Home Offices • Day Care Centers  
Controlled Areas • Loading Docks • Jewelry Stores

# AFFORDABLE SECURITY — EASY TO INSTALL & OPERATE

**Enterlok™ makes it quick and easy to add intercom and electric door release!**

ENTERLOK™ provides two-way natural voice communication from a master to remote (or vice versa). It has a total capacity of two (2) stations (1 Master, 1 Remote). The SM-201B's TALK and LISTEN controls provide the master with privacy and discreet handsfree monitoring for improved security.

Low cost SM-201B master has a built-in voice amplifier, volume control, electronic tone signal, TALK, LISTEN and electric DOOR release (or other signalling device) buttons. Install the SM-201B on a standard 1 gang electrical box, or use our popular IH-400A cabinet for desk or surface mounting.

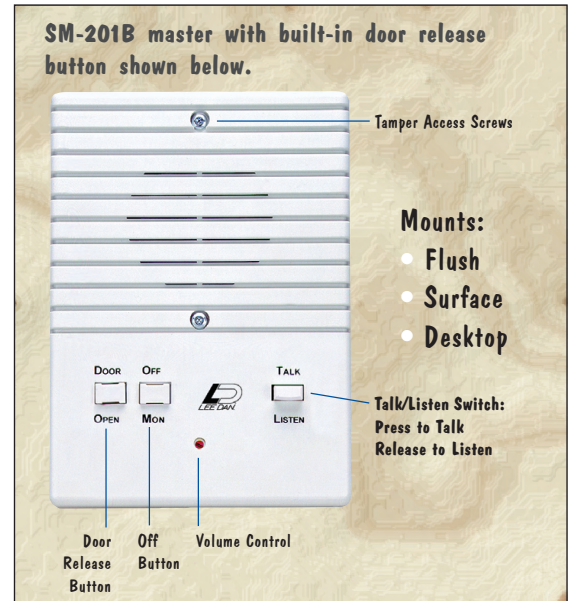

As you'd expect from LEE DAN®, ENTERLOK™ has a selection of over 12 remotes, including indoor, outdoor, vandal-proof, and patio horn styles. Remote stations are available with or without a call-in button to signal the master, and for flush, surface or desk mount use.

Only one (1) pair of twisted wire is needed between the master and remote speaker. Efficient low voltage design allows convenient hookup by do-it-yourselfers with our UL listed model PS-20A plug-in transformer.

**Compatibility:** Can replace prior SM201, SM-201 models.

**Kit 1) SM-201KR:** 1 each SM-201B, OR-103, OH-700, PS-20A.

**Kit 2) SM-201KS:** 1 each SM-201B, OR-603SS, PS-20A.

Model	Description	Height	Width	Depth
SM-201B	Enterlok™ Master with door release button.	6-7/8	5	2-3/8
SM-201KR	Enterlok™ Kit: See Above	8	6-1/2	4-1/2
SM-201KS	Enterlok™ Kit: See Above	8	6-1/2	4-1/2
IR-100B	Inside remote station, no call button.	6-7/8	5	2-3/8
IR-501B	Same as IR-100B with call button.	6-7/8	5	2-3/8
OR-101	Outside Alum. remote w/weather-resistant mylar cone speaker, no call button	6-7/8	5	1-1/2
OR-103	Same as OR-101 with call button.	6-7/8	5	1-1/2
OR-203	All metal aluminum version of OR-103.	6-7/8	5	1-1/2
OR-203BR	Polished Brass, laquered version of OR-203	6-7/8	5	1-1/2
OR-203SS	Stainless Steel version of OR-203.	6-7/8	5	1-1/2
OR-403S	Surface mount version of OR-203SS.	6-7/8	5	1-1/2
OR-601SS	Outside plastic remote w/weather-resistant mylar speaker, no button. Stainless Steel	5-1/4	4	1-1/4
OR-603BR	Polished Brass, laquered type OR-603SS	5-1/4	4	1-1/4
OR-603SS	St. Steel, surface mount remote + button	5-1/4	4	1-1/4
RH-15	Round patio horn (8 ohm, 12 watt max., 8 watts nominal) with talk-back, white.	5-1/4	5-1/4	6-5/8
DO-001	Heavy duty electric door release. Reversible mortise type (16-24V AC or DC).	5-7/8	1-1/4	1-5/16
IH-101B	Flush steel back box for IR, and some OR* stations. Galvanized with knockouts.	5-1/2	4	1-3/4
IH-102	Flush mounting drywall ring for IR, and some OR* stations.	6	4-3/4	1/2
IH-400A	Desk or surface mount box for SM-201B masters. White plastic. Also IR desk box.	6-7/8	5	1-3/4
IH-700	Surface box for IR stations. White.	6-7/8	5	1-3/4
OH-700	Surface box for OR* stations. Black.	6-7/8	5	1-3/4
PS-3A	Pigtail transformer. (120VAC/16VAC-10VA) UL listed.			
PS-20A	Plug-in transformer. (120VAC/16VAC-20VA) UL listed.			
SC-1	'Scrulox' screwdriver used for special tamper-resistant mounting screws supplied with stations.			
2PRJ	Two twisted pairs (4 conductor) No. 22 AWG cable. Solid wire jacketed. Includes 1 or more spares depending on which remote is used.			
2/18	2 conductor No. 18 AWG wire. For door opener and transformer connections.			

\*Except OR-600 series, which surface mount to wall, or use 1-gang electrical box.
