Postal and Fire Department lock boxes provide a convenient method to allow postal workers and Fire Department personnel access into a property through an automated gate system. The 1200 transformer box is a great way to provide a power source for accessory transformers used with access control systems.

**Lock Boxes**

**1400**
- Access door has a hole for a standard padlock and accepts Fire Department pad lock
- Gate opens automatically when lock is removed and door is open
- Holds gate open until door is closed and lock is replaced
