The Elvox Model 8870 is a new elegantly styled handset based on the rock solid 870 series. Each unit is equipped with a handset with speaker and electret microphone providing crisp clear audio. Ring signal is provided by integral buzzer. Quick, easy, wire capture terminal block makes installation very simple. The 8870 has a standard hookswitch. The 8871 has a unique hookswitch on the handset. The phone is activated by squeezing handset. Hang up is automatic when handset is released, resulting in no phone ever being left off hook and loading down the building intercom system.
