Model M262 Medium Wire Basket Cart With Air Tires

Assembly Required

Our Best Selling Mail Distribution Cart with Cushion Grip!

For the busiest mail centers, you can run this mail cart all day. To eliminate back-bending pain, top basket adjusts for your mail delivery personnel from 32-3/4"H to 37-1/4"H. Mail cart easily holds 150 letter or legal size file folders. Features lift-out mail baskets, adjustable top basket height and sturdy steel frames for lasting durability. Easy to push and maneuver thanks to smooth rolling 10" wheels and 4" front swivel ball bearing casters. This cart is also fitted with our exclusive cushion handle grip that gives you more control and easier to push. All steel construction. 10 YEAR GUARANTEE!

Specifications: Baskets are constructed of 43 solid steel rods, 1/8" thick, reinforced with 3/16" frame wires all robotically welded and nickel chrome plated for the strongest baskets in the industry. Push handles are 17 gauge precision bent steel tubes with welded in axel bracket for the 10" rear wheels. Front handle is punched for our bolt in 4" swivel ball bearing casters with special 1" post, casters stay tight eliminating caster fall out.

Mail cart frame is 16 gauge 1" x 1 1/2" square steel tubing with solid welded 1/4" rods for rigidity. Each frame has 4 - heavy duty, 14 gauge, wrap around brackets for a tight fit and the best connection to the round tubular handles. Sturdy steel frames for lasting durability even when fully loaded over rough and uneven terrain.

File Baskets: 31-1/4"L x 17-1/2"W x 10"H

Overall: 40"L x 21-1/2"W x 36-3/4"H

Parcel Basket: 30-1/2"L x 16-1/2"W x 7"H

By customer request: New air tires make mail cart easier to maneuver & quieter!

Just what you've been waiting for! Large, smooth-rolling 8" front air tires and 10" back tires make your mail cart easier to maneuver and push (good news for your arms, shoulders and back)! Air-tires are quieter, too. Even over rougher surfaces, air tires help cut "chatter" and add stability.

Removable top basket easily holds 150 letter or legal size file folders and is adjustable from 32 3/4" to 37 1/4". Less reaching and bending when delivering mail. Bottom basket is designed for parcels and oversized envelopes. Tubular steel construction has durable chrome finish.
